

**Name:** Artan

**Last name:** Bego

**Title:** MD, MSc, PhD

**Education:** Graduated from Faculty of Medicine, University of Tirana, on 1993

**Postgraduate specialization in Microbiology** 2000-2003,

**MSc in Microbiology Laboratory** 2005

**PhD in Microbiology Laboratory** 2016

**Actual position:** Specialist in Bacteriology and Mycology Laboratory, Sector of National Laboratories of Reference for Infectious Diseases Control, Department of National Reference Laboratories. Institute of Public Health. Tirana

**Research interests:** Clinical microbiology, Infectious Diseases and AMR

**Experience:** Current Position from 2001.

**Training:**

Parasites Infections

IPH

Mentored by: Liverpool School of Tropical Medicine

2001

Quality control an assurance

IPH

Mentored by: South London Public Health Laboratory

2001

Sexually Transmitted Diseases

IPH

Mentored by: South London Public Health Laboratory

2001

Water microbiology

IPH

Mentored by: South London Public Health Laboratory

2001

Enteric Pathogens

IPH

Mentored by: South London Public Health Laboratory

2001

Laboratory Diagnose of Brucellosis  
University of Crete  
Faculty of Medicine  
Greece 2002

Applied Epidemiology  
IPH  
Mentored by: University of Montreal  
2004

The Management and Treatment of Healthcare Waste  
Mentored by: Trust Waste Management Ltd, WAMITAB, SQA  
2011

Management of Institutions and Health Services  
Mentored by: University of Firenze / University ZKM –AL  
2011

EURL-AR Training Course  
New legislation on AMR monitoring and preparedness for future genomic techniques  
DTU Denmark  
2013

EURL-AR Workshop  
Antimicrobial Resistance  
DTU Denmark 2014

**Publications:** Author of several published, articles and scientific presentations in national and international forums:

- “Manual Bazë i Diagnozës Mikrobiologjike” A. Bego (at al) 2002
- Two cases of *Aeromonas sobria* isolated in children with acute diarrhea. Medical Jornal 2003
